LAB NUMBER SIX
GROUP NUMBER FIVE

Ahmadreza Vakialroayayi | Computer Technology | 2017 Dec 08

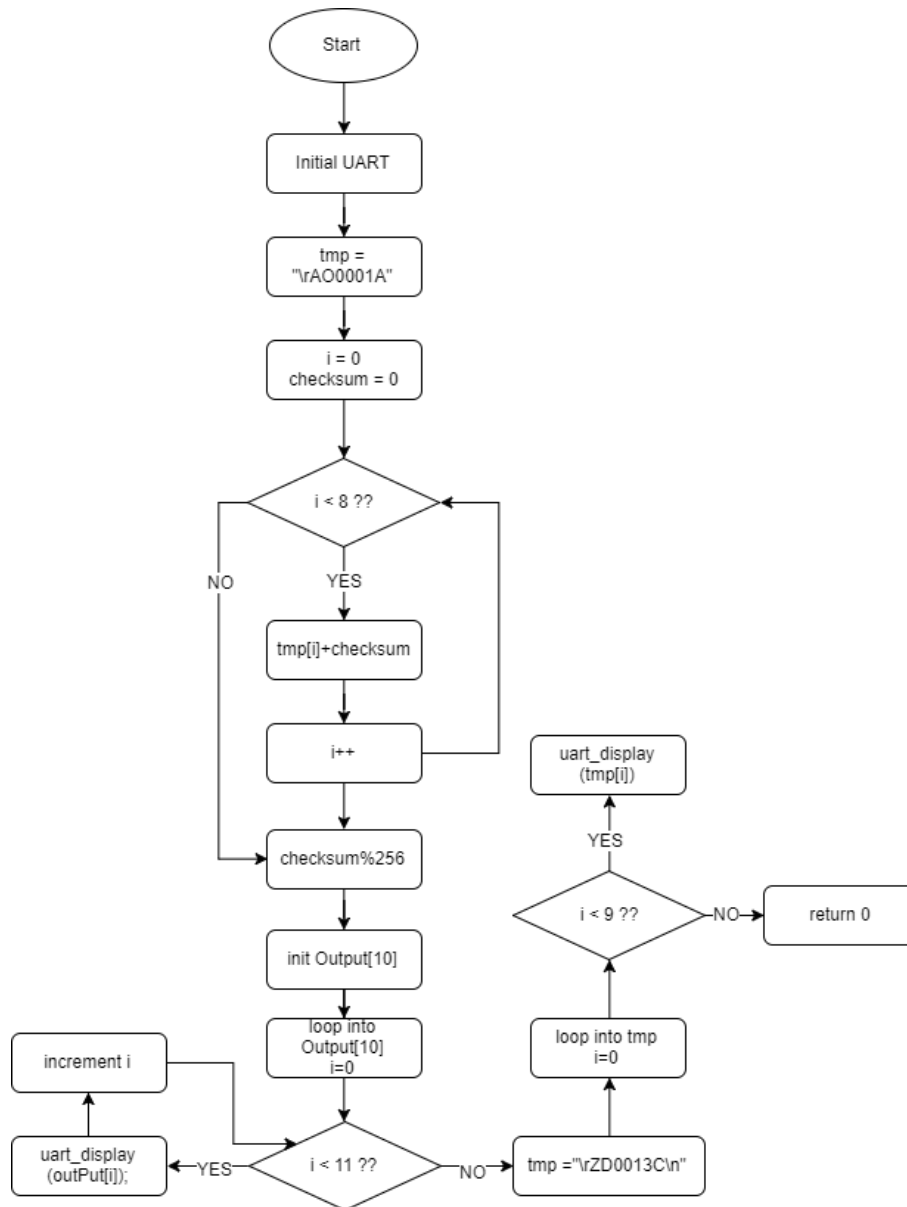

Linnaeus University

Let's get started for LAB SIX!

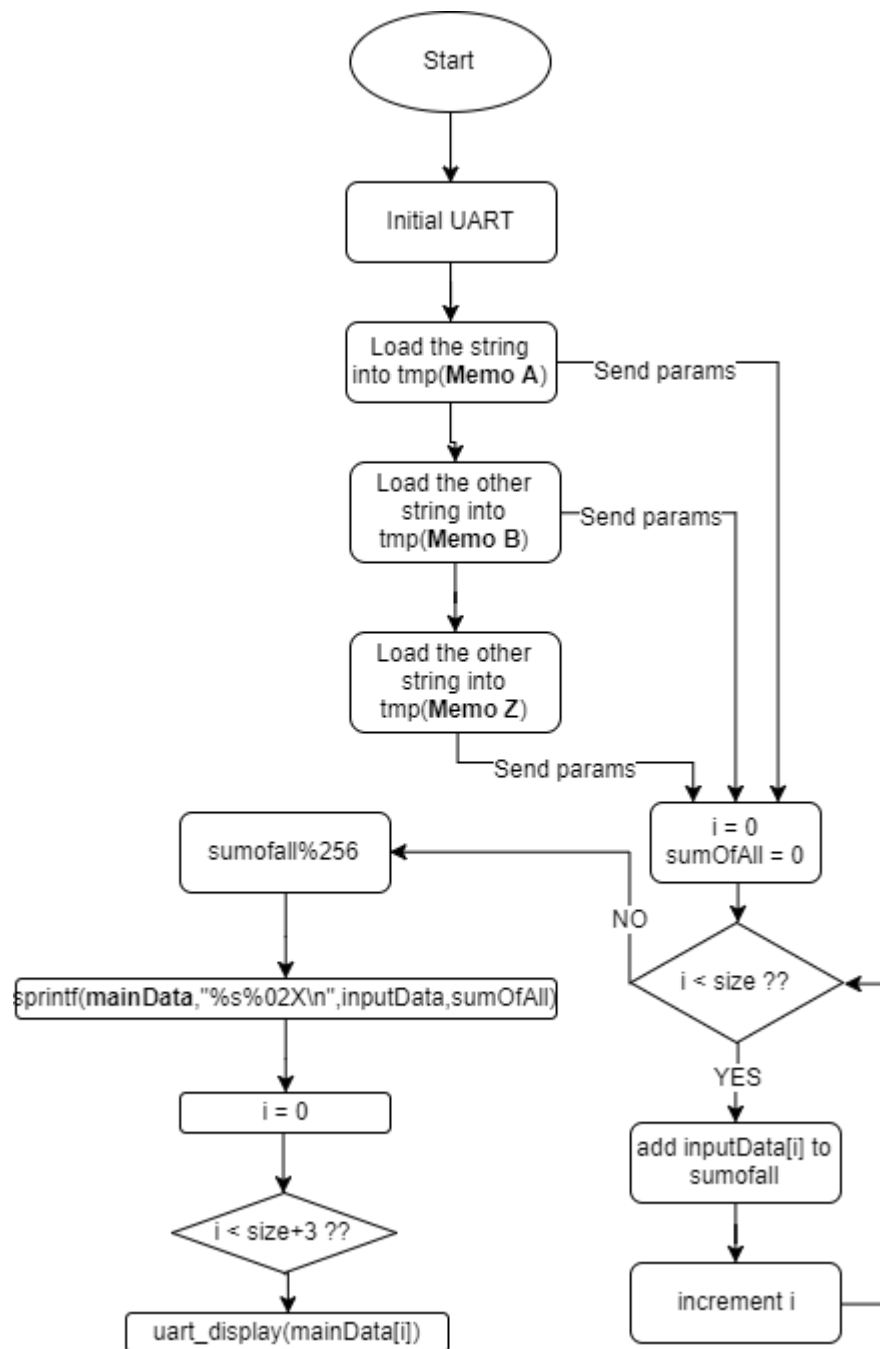

By opening the C files you can find comment in front of each line which can describe everything. Here I will focus on "Flow Charts".

By comparing the code, comments and flow charts, it can be clearer to understand how each task is working. PNG (Flowcharts) files are also included into the main folder.

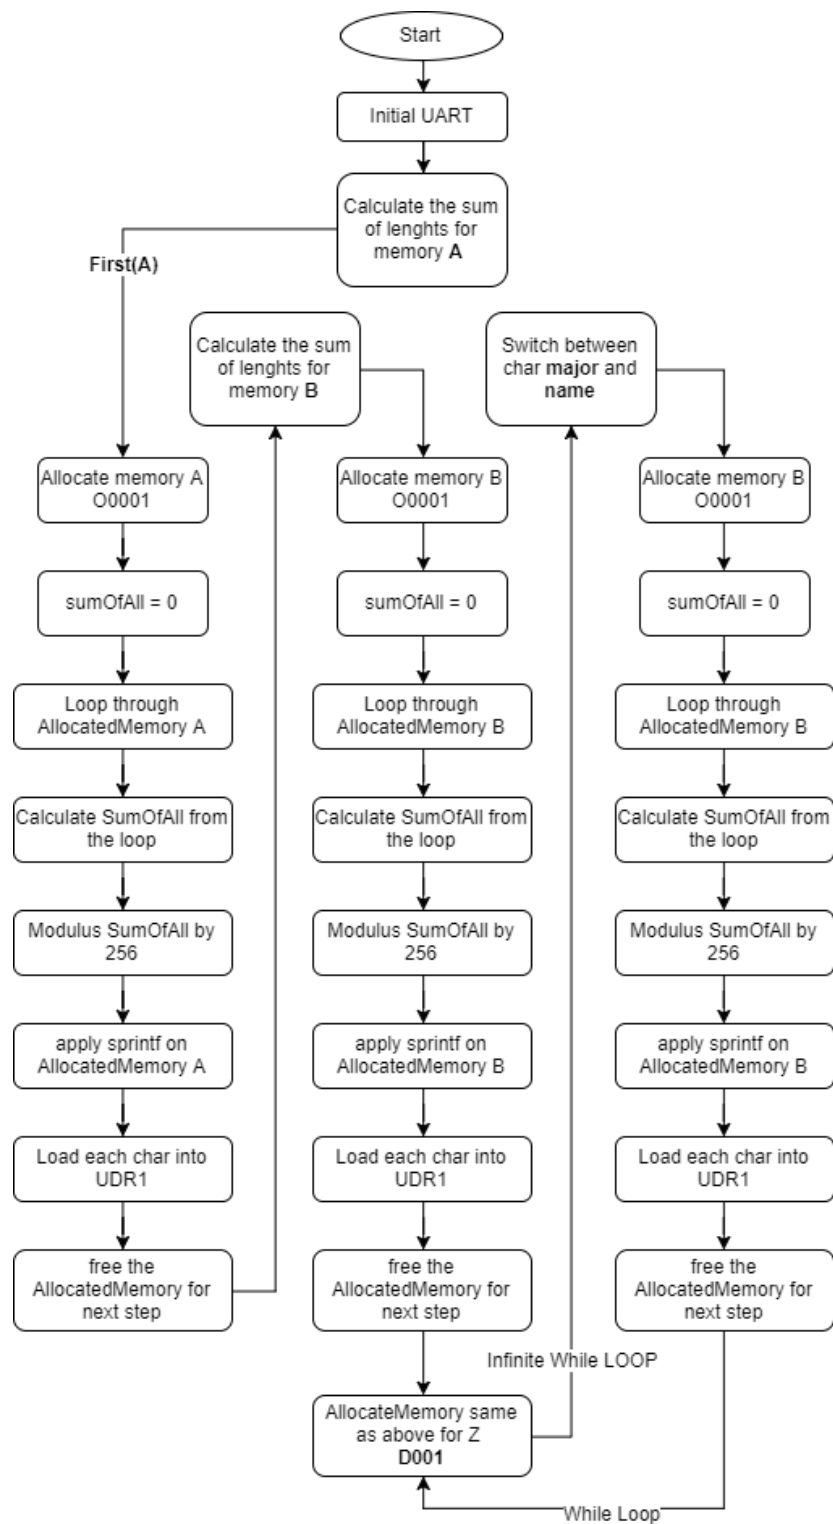

Task 1:

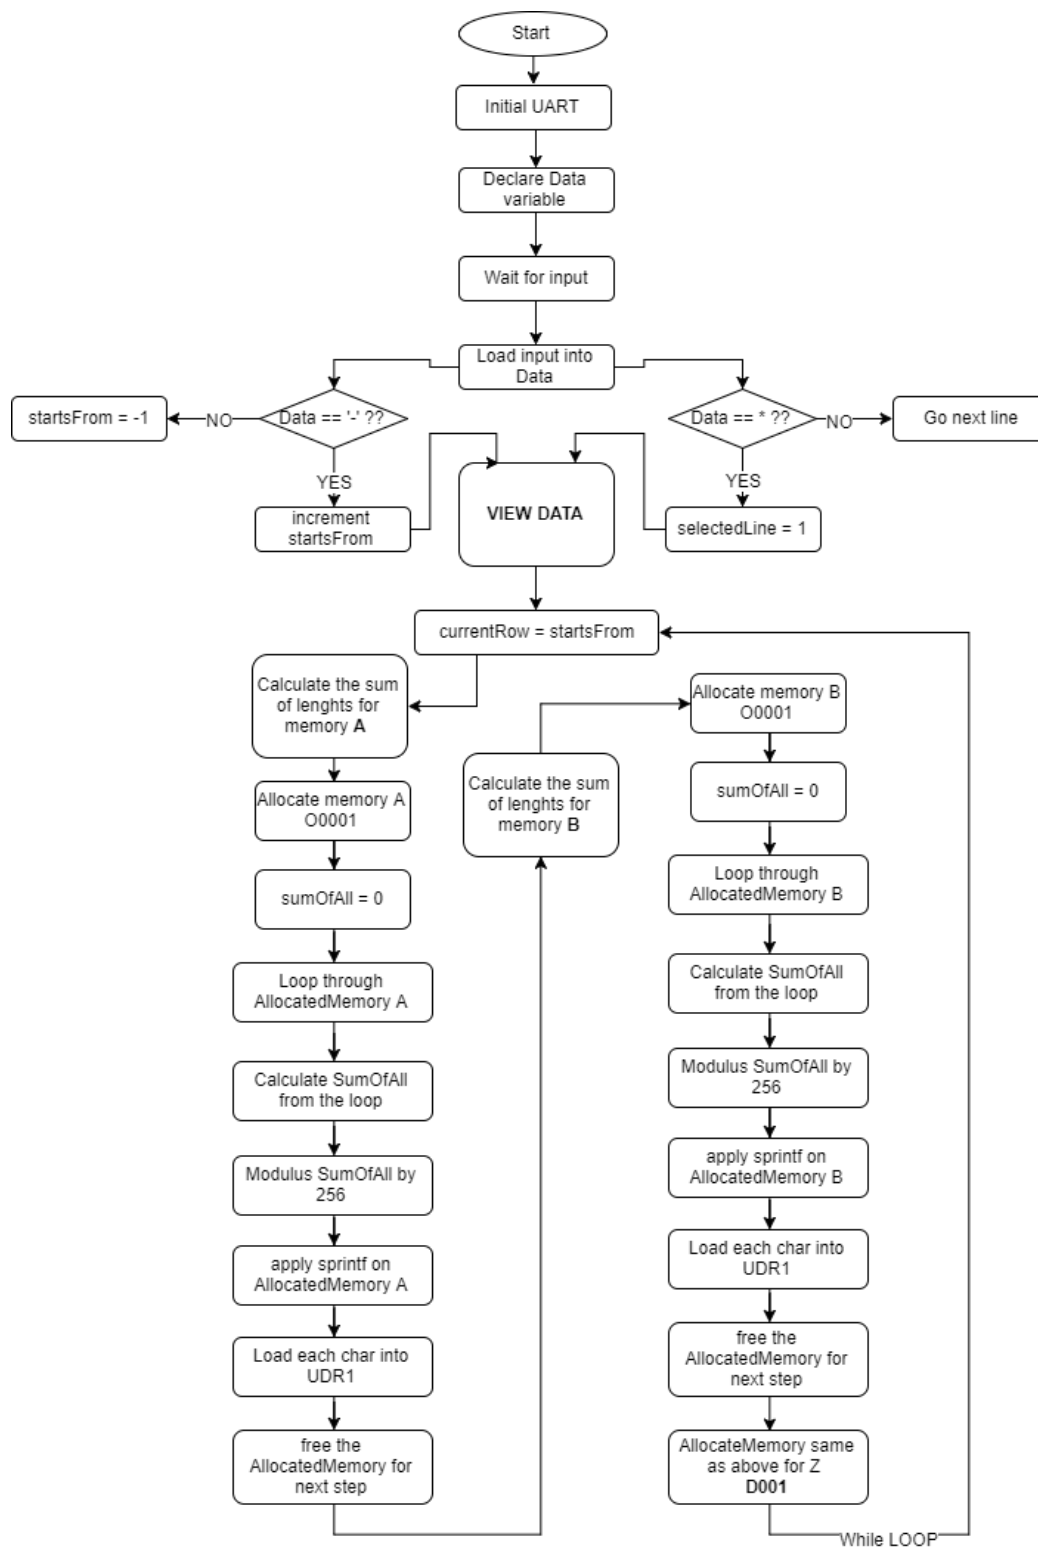

Task 2:

Task 3:

Task 4:

Task 5:
